MIDLAND - Join Dow Corning scientist Gina Malczewski on a journey all about water! Through inquiry and hands-on activities, attendees will learn about water: the molecule, its forms and locations, its availability and its properties (including acidity, basicity, phases, solvency and conductivity). Individuals will be able to "become" water molecules and learn how they interact. Different types of water will be analyzed, and simple clean-up of contaminated water will be demonstrated. **"Water is Wonderful!"** takes place Sunday, March 7 at 2 p.m. in the Garden Room of Midland Center for the Arts, 1801 W. St. Andrews Rd., Midland. Cost is \$8 general admission; \$5 for Museum members. Participants will be admitted to *WaterWorks* exhibition for member rate (\$3) on the same day. Suitable for ages 8 and up. Presented by Dow Corning Corporation.

The Alden B. Dow Museum of Science and Art (ABDM) celebrates discovery, creativity and individual expression through art, science and the interplay between them. Exhibitions in the Museum, classes at the Museum School, multiple outreach programs, a permanent collection and various special events are all components in the ABDM programming.

Midland Center for the Arts, Inc. is a non-profit, tax-exempt corporation formed under the laws of the State of Michigan incorporating six groups: Alden B. Dow Museum of Science and Art, MATRIX:MIDLAND, Midland County Historical Society, Midland Symphony Orchestra, Music Society and Theatre Guild. Activities at Midland Center for the Arts are supported in part by the Michigan Council for Arts and Cultural Affairs, a partner agency of the National Endowment for the Arts. For the latest Center news, visit our web site at www.mcfta.org.
